

**S.C. State Representative Alan Clemmons**

*107<sup>th</sup> District of South Carolina*

**&**

**Chairman, Nat'l I-73/I-74/I-75 Corridor Assn.**

*"I-73 remains my top priority and I am thrilled with the progress we have made. I am very encouraged by the funding already received and optimistic about the funding we could receive in the near future. Thanks to the leadership of our South Carolina Congressional Delegation and the enthusiastic support of SCDOT, the State Infrastructure Bank and my peers in the South Carolina legislature, I believe we are poised to make even greater strides in the near future.*

*I-73 will become a reality sooner, rather than later."*
